Ways to earn with NEEDY WELLTH

NEEDY WELLTH has created the most powerful compensation plan in the industry. It has been engineered to quickly compensate you for introducing new reps to Needy Wellth products and business opportunity and also create a lucrative residual income for your continued hard work. Let's explore what our compensation plan has to offer and why it's so powerful.

1. Binary Pay

As your team grows, you will receive Binary commissions from not only those people you have personally referred, but from the purchases of the people they have referred as well. A “Binary”, meaning two, is simply having two teams, a left team and a right team that grow from you and others who add new Distributor that order products. Also, your business associates may help in creating additional commissionable volume by placing new distributor on your team.

You will be paid a percentage, 20% based on your lesser team (weak leg) commissionable volume. These commissions are daily capping and paid weekly for Package Plan.

2. Matching Bonus

This bonus program rewards the commitment to refer others and help them succeed. You will receive additional commissions of 10% to 25% match of what your personally referred Distributors earn from their Binary commission, as well as up to a 10% to 25% match of what their personally referred Distributors earn from their Binary commission. This is also paid weekly for Package Plan.
